

## Good Samaritan Home

Cradock Hospice had a tea garden as our event. The tea garden was held in a beautiful garden and the community of Cradock enjoyed themselves. With the tea garden we had a rose show and some prizes were given.

## Blue Crane Hospice

On Saturday 15th October we spent our cancer awareness event with youth in form of a soccer game.

The winning team played in pink and the coach, Mr. Stofile who is on our board spoke about the support Hospice has to offer to everyone who needs special care.

Hospice staff came dressed up in pink to support the teams and some of our OVC support group members came wearing their Hospice Club tracksuits with pink flowers in their hair. Prizes were donated by the Hospice.

## St Francis- Port Elizabeth

St Francis Hospice in Port Elizabeth celebrated World Hospice and Palliative Care Day and Voices for Hospice in a special celebration at the Mater Dei Catholic Church on Sunday afternoon 9 October at 2,30 pm. This was combined with our annual Dedication service and the handing out of certificated to all the "Gogo's" who were part of our "Granny's support group". Some 150 Grannies from various townships in the metro attended in full traditional regalia and joined with hospice staff in raising their "voices for hospice". The afternoon included musical items, messages of appreciation, and acknowledgement of the sterling works being done by St Francis Hospice in our various communities.
